Limiting competition and limiting new ideas and businesses that are not harmful to the consumer is anti-consumer and also prevents new businesses from being started which in turn prevents new tax revenue for government.

Please allow Uber services in SC!

**Subject:** Allow Uber in South Carolina SC needs Uber

I spent 25 of my 27 years in South Carolina, and I have never been satisfied with the taxi services available in Florence, Columbia, Myrtle Beach or Greenville. Upon moving to Chicago, I have realized just how important a robust taxi service industry is to those without cars of their own. And, while Chicago's Taxi systems are very good, the Uber system is better in pricing, comfort, safety, and customer service. Uber should be allowed to grow and prosper in my home state, and the recent order that prevent that should be rescinded and rethought.

In short, South Carolina needs Uber.

Regards,

I used Uber all over Washington DC & found the rides excellent. They were clean, new , & the drivers actually held conversations! SC needs Uber.

SC. needs uber.

How can it be dictated who I want to pay to take me somewhere? That is taking away my freedom. I can ride with whoever I want. And pay them.
